

HOW TO PLAY KENO

ONE

Select your numbers and "X" out from 1-10 numbers of your choice on a blank request. Then mark your wager amount in the box marked "Total Price." You can wager \$1 or any multiple. Mark the number of spots you are playing on the ticket below the amount of the wager.

TWO

Present your completed ticket to the Keno Writer Station.

THREE

Watch the display board. Twenty numbers will be drawn at random and will show as lighted winning numbers on the display board. Check the payoffs to see if you have a winning ticket. Any writer will be glad to check your tickets for a winner.

Remember you may play as many tickets on each game as you wish. Display boards are for the convenience of the customer only.

MULTI-GAME 2 OR MORE GAMES

Multi-Game allows you to play your favorite numbers over several consecutive games without being present after you place your bet. Just mark your favorite numbers on a ticket and select the number of consecutive games you wish to play. Your tickets will be tracked and recorded electronically.

This same ticket will be played on every one of your games. Tickets are not to exceed \$500 on any one ticket. You can collect your winnings up to 180 days after your last game. You must present your winning ticket in person.

Regulations require that all regular rules be followed unless otherwise posted. Any violations will result in the ticket being voided.

For your protection, please check your ticket for errors.
