FireKeepers Management reserves the right to correct any obvious errors and to void any bets placed where such errors have occurred. Obvious errors include, but are not limited to, odds or prices offered that are clearly incorrect because:

- a. They are posted with odds or prices that are significantly different than odds or prices offered in the general wagering marketplace for a given event or occurrence;
- b. Given the probability of an event occurring (or not occurring) at the time the bet was made including, in either case, because the bet was placed after the start of an event, because the market was not displaying or reflecting in-play status, or because of any other reason constituting an "error".

In such event, FireKeepers' Sports Book management reserves the right to either (i) correct any obvious errors by settling winning bets at the "correct price" as reasonably determined by FireKeepers Sports Book, or (ii) voiding any bet placed where such errors have occurred.

19. FireKeepers Sports Book makes every effort to ensure that events are removed from the offering in a timely manner. If past posting of an event(s) occurs, the Sports Book will void or cancel bets made after the outcome of an event is known.

20. Management reserves the right to refuse any wager or delete or limit any selection(s) prior to the acceptance of the wagers.

 - a. Posted odds will be changed automatically on the electronic boards.
 - b. Posted odds will be updated within 10 minutes on the electronic boards or the handwritten boards.
 - c. Non-posted printed media will be updated on a weekly basis with the date of the last issue. Management will accept wagers on currently posted terms unless otherwise posted or noted on printed media.
22. Management determines the minimum and maximum wagers on all events, including on a wager by wager basis. Sports Book management shall set minimum and maximum wager limits for sports events in management's sole discretion, *provided*, in no event shall Sports Book management set a wager limit lower than \$0.01 or in excess of \$1 Million for any Sports Book wager. Maximum wager limits for a sports event and/or Sports Book wager may also be determined based on the maximum winning limits and the applicable odds posted for such event and/or wager, so that the actual maximum wager limit may be lower than as set by the Sports Book in the event, due to changing odds, the wager limit would result in a payout that exceeds the maximum payout limit established by the Sports Book pursuant to Section 23.
23. Management may have maximum daily payout limits that apply on a per event basis. Maximum payout limits shall be established at the discretion of Sports Book management. The maximum payout limits refer to the total returns a guest's Sports Book wager(s), excluding such guest's original stake. The maximum payout limits apply to any one guest backing the same combination of selections, regardless of whether or not such wagers are struck separately, at a range of different prices, and/or on different days. If the Sports Book believes that a number of Sports Book wagers have been placed in this way, the total payment of all those wagers combined may, in the Sports Book's sole discretion, be limited to one single maximum payout. If a guest places a Sports Book wager that exceeds the applicable limits for a particular event, the maximum payouts will still apply. If a multiple/parlay Sports Book wager has been placed which involves events with different maximum payout limits, the lowest applicable maximum payout limit will apply to the whole of such multiple wager— for example, if a guest places a multiple Sports Book wager on a golf match, which, for purposes of this example, has a maximum payout limit of \$1,000, and on a tennis tournament, which, for purposes of this example, has a maximum payout limit of \$3,000, the winnings will be capped at \$1,000 and not \$3,000.
24. All wagers will be deemed to have been accepted from the individual placing the wager only, and not on behalf of any entity or anyone else.
25. Management reserves the right to withhold payment and to declare bets on an event void if we have evidence that the following has occurred: (i) the integrity of the event has been called into question; or (ii) match-fixing has taken place. Evidence upon which this determination is based may be based on the size, volumes or pattern of bets placed with FireKeepers or based on information from independent integrity monitors or authorized representatives of the relevant sports governing body.
26. Registration may be required to be completed with the Sports Book management prior to placing a sports wager for any employee of a sports governing body or member team who is not prohibited from wagering to register, prior to placing a sports wager.
27. Wagering communications:
 - a. The use of two-way electronics communication devices while you are at the Sports Book counter placing a wager is prohibited.

- b. Wagers can be placed by a Guest within the State of Michigan via the FireKeeper's mobile application (iOS or Android) and/or via the FireKeeper's Sports and Casino web site

- 28. No wagers will be offered or accepted on the following sports or athletic events:
 - a. All athletic events played by individuals that are at the high school level or below, unless a majority of the participants in the sport or athletic event are 18 years of age or older;

 - c. Fantasy contests;
 - d. Electronic sports and competitive video games.
- 29. Payoffs over \$10,000 may be delayed until completion of applicable tax documents, presentation of valid photo ID and authorization by a supervisor.
- 30. Types of Wagers Offered:
 - a. Straight/Point Spread – A wager on a team to win by a specific number of points / goals, or they must not lose by a specific number of points / goals in a given game, half, period, quarter, etc.
 - b. Money line – A wager on the winner in a given game, half, period, quarter, etc.
 - c. Over/Under Totals – A wager on the total points, goals, events, etc. that occur within a game, half, period, quarter, etc.
 - d. Parlay – A single sports wager that involves two or more bets combined into one. This can include point spreads, money lines, totals, futures, or even prop bets, as long as the bets are on different games.
 - e. Round Robin – A wager that allows the user to create a series of smaller parlays from a larger list of selections.
 - f. Proposition – A wager based on occurrences or non-occurrences during a sporting event. Unlike point spreads, totals or straight-up wagers, these incidents may not affect the outcome of the game or even the final score. These wagers can be offered for teams, players and games.
 - g. Teasers – A wager that is similar to placing a parlay bet, but the bettor may alter point spreads and over/under totals between 4 and 10 points depending on the sport and teaser (*Typically offered only on football and basketball*)
 - h. Match-ups – A wager similar to a money line, but will be used to typically describe a wager between two individuals (golf, auto racing, tennis, boxing, etc) rather than in a game with teams.
 - i. Futures - A wager on an event, series or an award that will finish in the future.
 - j. Live/In Game – A wager placed on a game while the game is being played. An In Game wager can be placed on a number of types of wagers like Spread, Money line, Totals and/or Props.
- 31. Payout Calculations for wager types are as follows:
 - a. Straight payoff: To calculate the payout for a straight wager, add 1 to the corresponding decimal odds of a wager and multiply by the stake to determine the total payout (win + stake) of the wager. For example the total payout of a \$50 wager at -110 odds is calculated as $(1 + (100/110)) * \$50 = \95.45 .

- b. Moneyline payoff: The money line is expressed as a 3-digit number. For example, -120 means a player must wager \$120 for every \$100 they wish to win, and multiples thereof, and +150 means a player will win \$150 for every \$100 wager. Moneylines will be converted to corresponding decimal odds, which shall be used to determine the amount the wager will pay out as follows:
 - To convert a negative moneyline to its corresponding decimal odds, divide 100 by the positive value of the moneyline- a moneyline of -110 would result in .909 (ex. $100 / 110 = .909$).
 - To convert a positive moneylines to their corresponding decimal odds, divide the moneyline by 100 - a moneyline of +150 would result in 1.50 (ex. $150/100 = 1.50$).
- c. Parlay payoff: To calculate the payout for a parlay wager, add 1 to the corresponding decimal odds of each event of the parlay and multiply by the stake to determine how much the wager will pay out. For example a \$100 two event parlay with odds of -110 and +120 is calculated as $(1 + (100/110)) * (1 + (120/100)) * \$100 = \$420$.
- d. Parlay cards: If available, odds will be as stated on the Sports Book's parlay card wagering form.
- e. Teaser payoff: If available, odds are derived from a fixed payout chart.

32. Results and Sports Book wager settlement

- a. General Where the Individual Sports Rules (or the Sports Book's betting sheets or other official printed wagering information and media) do not specify how and on what basis a Sports Book wager will be settled, wagers will be settled on the official result of the applicable governing body regardless of any subsequent disqualification or amendment to the result.
- b. If no official result of an applicable governing body is available, the result will be determined by the Sports Book using information from independent sources. In such cases, if any new information comes into the public domain within 48 hours of settlement, then the Sports Book shall determine, in its sole discretion, either:
 - whether the Sports Book wager should be reinstated or resettled in light of this new information; or
 - whether or not to wait for further information before deciding whether to reinstate or resettle the Sports Book wager. Except where the Sportsbook has announced that it is waiting for further information, any information that comes into the public domain more than 48 hours after a Sports Book wager has been settled shall not be considered by the Sportsbook (regardless of whether or not such information may have led to a different result).
- c. In the event of any uncertainty about any result or potential result, the Sports Book reserves the right to suspend settlement of any Sports Book wager for an unlimited period until the uncertainty can be resolved to the reasonable satisfaction of the Sports Book. The Sports Book reserves the right to deem any Sports Book wager as "No Action" if the uncertainty regarding settlement cannot be resolved to the Sports Book's reasonable satisfaction.
- d. Non-Runners Rule. Unless stated otherwise in the General Rules, in the Individual Sports Rules or within the Sports Book's betting sheets or other official printed wagering information and media, and subject to management's discretion, Sports Book

wagers are accepted and offered on an “all-in compete or not” basis. This means that, if a player, team or other competitor is withdrawn from an event (whether he, she or it pulls out of the event, is suspended or disqualified from it or otherwise) before he, she or it has taken part in the event, then any Sports Book wager placed on that player, team or competitor (as applicable) will be deemed a losing wager. If a player, team or other competitor has taken any part in a sports event once it has officially started and then fails to complete that event for any reason, any Sports Book wager placed on that player, team or other competitor will be deemed live or “Action” (i.e. wagers on that player, team or other competitor will not be deemed “No Action” and will not be refunded).

33. In the case of a pandemic or unforeseen natural occurrence, the Sport Book has the discretion to void, cancel, restrict or otherwise alter or adjust the payout of affected wagers.

7. Both sides must start in any two-way match-up propositions.
8. Any straight wager deemed “no action” will be refunded. If a parlay has a leg that is deemed “no action”, the parlay will reduce by one selection (i.e. 4-team parlay becomes a 3-team parlay, 2-team parlay becomes a straight wager).
9. For daily BASEBALL proposition wagers, all wagers constitute “action” regardless of the number of games completed, except for the BASEBALL “Grand Salami” in which case all scheduled games must go at least 8 ½ or 9 innings for there to be “action.”

10. For BASEBALL first inning wagers, the first inning must be fully completed for there to be “action”, otherwise wagers are refunded. In the case of a pitching change, first inning yes/no run scored bets associated with that pitching matchup will be considered “no action”.

DEFINITION OF “OFFICIAL”

1. BASEBALL (major league, minor league, and college): In all nine-inning scheduled games, winners and losers are "official" after nine innings of play unless the home team is leading after eight and one-half innings or the game is tied at the end of nine innings and goes into extra innings. If a game goes into extra innings, winners and losers are “official” after the winner is decided after a full inning of play
 - a. Called/suspended games must go a minimum of five innings, or four and one-half innings if the home team is ahead. The called/suspended games rule also applies to seven-inning scheduled games.
 - b. For bets on the pregame money line, if a game goes past five innings and is subsequently called/suspended, the winner is determined by the score after the last full inning of play, unless the team batting second scores to tie, or takes the lead in the bottom half of the inning, in which case the winner is determined by the score at the time the game is called. For first five full inning wagers, if a game is suspended in the bottom of the fifth inning with the home team ahead, all money line bets will be posted as official at the time of the suspension, with the total being refunded.
2. BASEBALL and SOFTBALL (major league, minor league, and college): In all seven-inning scheduled games, winners and losers are "official" after seven innings of play unless the home team is leading after six and one-half innings or the game is tied at the end of seven innings and goes into extra innings. If a game goes into extra innings, winners and losers are “official” after the winner is decided after a full inning of play.
 - a. Called/suspended games must go a minimum of five innings, or four and one-half innings if the home team is ahead.
 - b. For bets on the pregame money line, if a game goes past five innings and is subsequently called/suspended, the winner is determined by the score after the last full inning of play, unless the team batting second scores to tie, or takes the lead in the bottom half of the inning, in which case the winner is determined by the score at the time the game is called.
3. BASKETBALL (college and European professional): After 35 minutes of play.
4. BASKETBALL (North American professional): After 43 minutes of play.

5. FIGHTS (boxing and MMA): When bell (buzzer, etc.) is sounded signifying the start of the opening round, the bout is considered "official", regardless of the scheduled length.
6. FOOTBALL (both college and professional): After 55 minutes of play.
7. HOCKEY (professional and college): After 55 minutes of play.
8. SOCCER: After 90 minutes of play.
9. AUTO: A race must be completed, and a winner declared within seven (7) days of the start of the race to be considered "official".
10. GOLF: Tournaments must be completed within seven (7) days of the start of the tournament to be considered "official".
11. AUSTRALIAN RULES FOOTBALL: After 80 minutes of play.
12. RUGBY LEAGUE AND RUGBY UNION: After 80 minutes of play.
13. OTHER: All other contests that involve a scheduled length of play or time limit must play to their conclusion or have five minutes or less of scheduled playing time remaining when the contest concludes to be considered "official" unless otherwise specified.

WAGERING ON "TOTALS" – OVER OR UNDER AND "RUN LINES"

1. When wagering on "totals" on contests involving a scheduled time limit, all game wagering rules applicable to minimum length of play requirements shall also apply to "totals" wagers (i.e. contests must play to their conclusion or have five minutes or less of scheduled playing time remaining for "totals" wagers to be considered "action").
2. When wagering on baseball "totals" or "run lines," the game must go at least the regulation nine innings (eight and one-half if the home team is ahead) for a scheduled nine-inning game and seven innings (six and one-half if the home team is ahead) for a scheduled seven-inning game.
 - a. If the game goes past regulation innings and is subsequently suspended or postponed, it is considered to have "action" and the winner and loser shall be determined by the score at the time the game is called/suspended. In the case where the home team does not bat (complete their turn at bat) in the bottom half of an extra-inning game, the score reverts to the previous full inning of play.
 - b. When wagering before the start of a baseball game on "totals" or "run lines," pitchers will be automatically listed. A pitching change before the game starts constitutes "no action."
3. When wagering on softball "totals" or "run lines," the game must go at least the regulation seven innings (six and one-half if the home team is ahead).
 - a. If the game goes past regulation innings and is subsequently suspended or postponed, it is considered to have "action" and the winner and loser shall be determined by the score at the time the game is called/suspended. In the case where the home team does not bat (complete their turn at bat) in the bottom half of an extra-inning game, the score reverts to the previous full inning of play.
 - b. When wagering before the start of a softball game on "totals" or "run lines," no pitchers will be listed; therefore, all wagers constitute "action."
4. When wagering on soccer "totals", extra time and penalty kicks do not count towards the "total"; only 90 minutes plus injury time are counted.

OVERTIME PERIODS

When wagering on "totals," overtime periods are counted in the final score, unless otherwise specified. On "half-time" wagers, overtime periods are included as part of the second half, unless otherwise specified.

DETERMINING THE WINNER

1. "Sports governing body" means an organization that prescribes final rules and enforces codes of conduct for an athletic event and the participants in the athletic event.
2. The winner of an event or game will be determined on the date of the event's conclusion. Management may recognize suspended games, protests, score, statistical or outcome changes, overturned decisions, etc. Management, at its sole discretion, may delay payment of winning wagers if the final score or an event outcome is questionable or challenged.
3. If an event or market is resulted in error, Management reserves the right to amend the settlement.
4. In the event of changes to scores, statistical or event outcomes, Management reserves the right to amend settlement of wagers. Management may use sports governing body results if the change occurs by 6AM venue time the following day.
5. The outcome of an event that occurs while a game or match is in progress will be used to determine the settlement of an in-game wager as soon as the event is complete, regardless if the game or match is played to its conclusion, unless otherwise specified.
6. Where there are multiples winners of a single event, dead-heat rules may apply.

WAGERING TIES

1. Straight wager, "no action" and the wager will be refunded.
2. Two team teasers, "no action" regardless of the outcome of the other team.
3. Parlays and teasers (other than 10/14 point), reduce by one selection.
4. 10 or 14 point teasers on professional or college football, ties lose.

DEAD-HEAT RULES

If two, or more, selections finish in the same position, the stake will be divided proportionally. A Dead heat is calculated by dividing the stake proportionally between the number of winners in the event. In a two-way Dead-heat (2 winners), your stake is halved not the betting odds. In a three-way tie / dead-heat then the stake would be reduced to one third of the original stake. A \$3 bet placed at 2.5 odds would become a \$1 bet placed at 2.5.

When calculating how many places are paid, FireKeepers Casino Hotel counts as many selections as there are places, unless there is a dead heat for the last available place. So, if three places are offered and two selections dead-heat for first, the next-finishing selection takes third place. However, if there are three places and three selections dead-heat for third, FireKeepers Casino Hotel pays out on all five selections finishing in the top three places.

Dead-heat rules apply to the stake and not to the odds.

Sport Specific Rules

BASEBALL AND SOFTBALL RULES

1. Professional baseball wagers are accepted in the following manner:
 - a. Action: Team against team regardless of the starting pitcher.
 - b. One Specific Pitcher: A wager on or against one specific pitcher regardless of the other starting pitcher. The specified pitcher must start, or the wager is deemed "no action".
 - c. Both Specified Pitchers: A wager that specifies both starting pitchers. Any variation constitutes "no action."
 - d. NOTE: Each team's starting pitcher is defined, for wagering purposes, as the pitcher who throws the initial pitch.
 - e. In the event of a change in pitcher(s) prior to the start of a baseball game, money line odds may be adjusted. If one scheduled pitcher starts against an unscheduled pitcher, "action" and "specified pitcher" wagers will be computed at the opening price established with the new pitcher.
 - f. First five inning wagers are automatically listed pitchers. A pitching change constitutes "no action."
2. All college baseball and softball wagers are "action," regardless of starting pitchers.
3. When the mercy rule is called because one team has an unassailable lead, all bets are "action", regardless of when the game is called.
4. Baseball parlay payoffs are computed using standard money line calculations.
5. NOTE: for rules on "totals" and "run lines" reference "WAGERING ON TOTALS" section.
6. For MLB season over/under win totals, at least 160 games must be played by the team for bets to stand, unless an outcome has already been decided and no further play could produce a different outcome.

FIGHTS: BOXING AND MMA RULES

1. A "full round" is defined as one in which the bell, buzzer, etc. has sounded signifying the conclusion of such round. If a fighter is counted out or the bout is officially stopped prior to the bell, buzzer, etc., such round is not considered a "full round" for wagering purposes.
2. In the event of a draw, wagers on who will win are "no action".
3. All straight win wagers will have "action" regardless of any changes in weight class, scheduled length of the bout, or championship sanction unless otherwise stipulated. All round, knockout ("K.O.") or decision proposition wagers are "no action" if the scheduled length of the bout is changed.
4. On K.O. proposition wagers, K.O. includes knockout, technical knockout, disqualification, technical decision, or any other stoppage.
5. On decision proposition wagers, "decision" means the fight must go the entire scheduled distance.
6. In the event of a "no contest" being declared, all bets will be made void.

HOCKEY RULES

1. For US and Canadian hockey wagering purposes, in the event of a shootout, the winner is awarded one goal, which is considered in the determination of the winner and loser and counted toward the game total. For player yes-no goal scoring propositions, shootout goals do not count.
