- Vendor table with two chairs to showcase product/business

SILVER - \$500

- Business logo on Programs and Agenda
- Business logo on conference website and/or eblast email communication

FIREKEEPERS CASINO HOTEL NARM SCHOLARSHIP PROGRAM

There are 574 federally recognized tribes and only 493 have Indian gaming operations in 28 states, owned by 240 federally recognized tribes. Casinos are the economic engine that allows for independent social and economic success which allows tribes to reinvest in their people by providing education, health care, jobs and so much more.

FireKeepers has established the NARM Scholarship Program to give back to our tribal neighbors that are smaller in size or perhaps those that do not have a casino to support their infrastructure to the level of the larger tribes. Scholarships will be given in increments of \$500.00, paid directly to the Tribe to be used towards travel expenses such as airfare, car rental and hotel in order for their Safety Representatives to attend the NARM Conference.

Donations will not be eligible for a 1099 form write-off due to the amount under IRS reporting requirements.
